

BIN SAFE SYSTEM

“Safety is your lifeline.”

PROTECT YOUR FAMILY AND EMPLOYEES FROM ONE OF THE MOST COMMON ACCIDENT LOCATIONS ON A FARM

The Northern Strands Grain Bin Fall Protection System

Our patent pending fall protection system is a cutting edge product designed to protect farm workers from a fall while climbing or accessing a bin for repairs or inspections.

Top 5 reasons to put a Northern Strands Bin Safe system on your grain bin

5. Allows for safe bin climbing.
4. OH&S, CSA , OSHA & ANSI compliant.
3. OH&S regulations state that a fall protection system must be in place when working at heights above 10 feet.
2. It's the law! An injury or death due to lack of required fall protection can bring financial ruin to a farm.

1. The NUMBER ONE reason... to protect your family, and employees. *Be safe, not sorry.*

ABOUT US

FREQUENTLY ASKED QUESTIONS

Do I have to have fall protection on my bin by law?

Yes, in most provinces and states it is the law!

OH&S fall protection reg. state,

"(2) An employer or contractor shall ensure that workers use a fall protection system at a temporary or permanent work area where:

(a) a worker may fall three metres or more; or

(b) there is a possibility of injury if a worker falls less than three metres."

Does the system work for any grain bin?

Our system is compatible with most grain bins! Please contact us to discuss which systems you need for your particular grain bins.

What if I don't want to install the system myself?

Please contact Northern Strands and we will be happy to assist you with finding a suitable contractor to install the system.
