WIRE ROPE & CABLE

At Northern Strands we know first-hand the importance of wire rope lubrication. It is required during manufacturing, installation, and ongoing maintenance. Different hoists and applications require different types of lubrication. We carry everything from basic asphalt lube to soap grease and no- petroleum based lubes. With Northern Strands' knowledge of wire rope, we can recommend and supply appropriate lubrication products and suggest the best lubrication methods.

Types of product and equipment we supply lube and lube systems for:

- Tower cranes
- Overhead traveling cranes
- Construction and industrial wire rope
- Mining surface ropes
- Drum and slope hoist ropes
- Progressioner rope
- Plus many more types of products and equipment. Contact us to inquire about the correct lubrication for your product or equipment.
